

flos FS K H

Harmony and comfort

The inspiration for creating this collection was a holistic combination of elements that create a peaceful and harmonious atmosphere, perfect for building good relationships. The Flos furniture collection and multifunctional acoustic screens were designed with the idea of domesticating work and relaxation spaces.

Bar chairs

The ergonomic bucket of the Flos stool adapts to the contours of the back, providing spinal support in a classic, elegant design. Based on one basic shape, unique furniture can be created that fits perfectly in diverse arrangements. Stools are currently used in office, restaurant, and domestic environments.

Tomasz Augustyni

is a renowned designer and interior architect, a graduate of the Academy of Fine Arts in Poznan. He is the author of numerous collections of office and home furniture for major Polish brands.
